<p>Heather Hartley, RN, BScN, MScN Professional Practice Specialist- Surgical Specialty BGH, TMH & PECMH Quinte Health Care Office: (613) 969-7400 x2044</p>	<p>We have started bringing students back this week- much smaller groups spread out over longer time periods. This decision was made by (and will continue to be assessed by) our EOC (emergency operating committee) and is largely informed by the amount of PPE we have available.</p> <p>Not sure what the fall will look like but I think we will continue to have some students in different capacities- with the intent of having a pool to hire from. They are currently only placed on non-COVID floors and low risk areas. This may have to change in the fall.</p>	
<p><i>Tracy Huggins</i> Student Placement Coordinator & Senior Administrative Assistant Patient Care Services Orillia Soldiers' Memorial Hospital 705-325-2201 x3239 tlhuggins@osmh.on.ca</p>	<p>Right now all our placements are on hold as directed by our command center. It will likely remain this way until staff are deployed back to their regular area and day to day work is somewhat back to "normal".</p>	
<p>Corinne Savignac, R.N., BScN, Nurse Clinician General Internal Medicine 705-523-7100 Extension 3315 Health Sciences North Horizon Santé-Nord 41 Ramsey Lake Road Sudbury, Ontario P3E 5J1 E-mail: csavignac@hsnsudbury.ca</p>	<p>We have not heard any news yet to this regard – sorry no assistance on this one.</p>

<p>Sue Bow</p> <p>Critical Care Educator Pembroke Regional Hospital 613-732-2811 Ext 6644</p>	<p>We wont be bringing anyone back until the fall at the earliest and are currently reviewing what that will look like. No definite answers yet!</p>	
<p>Martinek, Lindsay <Lindsay.Martinek@tehn.ca></p>	<p>Ours will be dependent on what the schools advise.</p>	
<p>Kelly Verhoeve RN BScN Manager Professional Development Professional Practice Facilitator & Accreditation Coordinator Woodstock Hospital</p>	<p>Do to the need to conserve PPE and distancing requirements we are taking things slow. We are not taking groups of students for summer or fall with the exception of a small group of Integrative Practicum students. We will be accepting 10 for September and 10 for January. They will be spread throughout the organization. We will be monitoring things closely and adjusting the plan accordingly</p>	
<p>Dianne Gaffney, MSC., RD Director, Health Disciplines London Health Sciences Centre (519) 685-8500; ext. 74748 Pager # 15028 Cell: 519-272-9545 dianne.gaffney@lhsc.on.ca</p>	<p>WE are starting to bring Students back July 6th; focusing on students who require clinical placements to graduate</p>	
<p>Angela Chan, RN, MN, GNC(C) Professional Practice and Education Leader, Nursing Department of Professional Practice and Education Mackenzie Health 10 Trench Street Richmond Hill, Ontario L4C 4Z3 Phone: 905) 883-1212 ext. 7461 647) 202-8356 Email: angela.chan@mackenziehealth.ca</p>	<p>We are on the same boat. Our hope is to have student placement resume in the Fall.</p>

<i>Susan Grant <sgrant@rmh.org></i>	We are just looking at our ramping up services and students are on the list. The issue right now is the PPE that we are short of at this time.	
George Fieber RN Nursing Practice Leader Thunder Bay Regional Health Sciences Centre Office: (807) 684-6691 Cell : (807) 629-0889	We are planning some preliminary talks with the college and university programs in our area, planned in the near future but way to early to make any predictions yet about what things are going to look like in the Fall.	
Claire Latto-Hall, RN, BScN, CDE, MPH Corporate Professional Practice Clinician Halton Healthcare 3001 Hospital Gate, Oakville, ON L6M 0L8 clattohall@haltonhealthcare.on.ca Tel.: 905-845-2571 ext. 3837	Thank you for posting this PPNO! We are just in discussions on what this could look like at Halton Healthcare and were planning on posting a PPNO ourselves. We are hoping, if able and approved by our Emergency Operating Centre, to accept students in the Fall semester. We are currently looking now at potentially how many and what type of students we can accommodate in which clinical areas. Some things we are looking into include looking at which units are open/closed, do schools have guidelines regarding whether their students can care for COVID positive/presumed patients, can we accommodate the additional PPE resources that students would require, reviewing how we onboard students and whether some of this can be done via distance/online as opposed to in-class computer training, etc.	
Sean Martin Associate Vice President <i>Collaborative Practice, Quality, Ethics, Clinical Transformation Initiatives</i> Peterborough Regional Health Centre One Hospital Drive Peterborough, ON 705-743-2121 x 3230 www.prhc.on.ca	We have started to bring back consolidation students that were put on hold and are planning to restart other students next month. We are in discussions with our academic partners for the potential fall term influx. The numbers are much more significant.
