

WeRPN Educator Summit 2025

Preparing Nurses for Practice

Are you passionate about advancing nursing education and preparing future nurses for practice? This free half-day summit, is your opportunity to connect with experts, gain insights into transitioning nurses into practice, and explore innovations in AI.

Keynote Speaker - Dr. Richard Booth

Dr. Booth is a trailblazer in exploring the dynamic relationship between humans and technology in healthcare. Learn how students and nurses integrate cutting-edge technology into their learning and practice—transforming education and healthcare as we know it.

Who should attend? All nurses, educators or employer supporting nurses transitioning into practice.

March 6, 2025 from 0900 - 1230
